

Email related to a City Riverwalk Point Person

The City would like you to continue working with Peter Shumway as the primary contact for the Riverfront Bikeway / Walkway. While he is not always fully involved in every aspect of every proposed activity that may be happening, he will be a good contact for you and your group. Only a small portion of his DPW/Engineering responsibilities include work along the riverfront, so please be advised that there may be other priorities on a day-to-day basis. Let me know if you need any of his contact information. Thanks!

Christopher M. Cignoli, P.E.
Director of Public Works
City of Springfield
